**Important**

Members are advised to exercise care when they invest their FNPF savings under the FNPF Share Investment Scheme. No one can guarantee that an investment will always be profitable. FNPF members have to decide themselves how to invest their savings and what risks to accept.

If members are not confident to investing on their own or do not wish to risk their savings, they can always keep their money with the FNPF and earn interest annually.

Before you fill the application form, you should first do two things: obtain an interim statement of account, and contact a Broker who can advise you on the shares that you would like to buy.

Remember you are only allowed to use up to 1/3 of total contributions received MINUS that net amount of all previous withdrawal and housing transfers taken OR a maximum of \$10,000 which ever is the lower.
